Executive Overview

Practice Claim is a trusted revenue cycle management and medical billing partner for physician practices across the United States. We simplify the business of healthcare by improving billing visibility, reducing administrative pressure, and connecting front-office, billing, and financial workflows—so your practice can focus on patient care.

Revenue Cycle Management

End-to-end RCM services to streamline workflows and optimize reimbursements.

Medical Billing & Coding

Accurate coding and timely billing to ensure clean claims and faster payments.

Denial Management

Proactive denial prevention and resolution to protect your revenue.

A/R Recovery

Focused follow-up and recovery strategies to reduce outstanding balances.

Eligibility & Prior Authorization

Real-time verification and authorization support to reduce delays and denials.

Reporting & Revenue Visibility

Actionable reports and dashboards that give you clarity and control.
